With SonSoft's SMS Marketing you get Dedicated, Expert help creating
Marketing Campaigns that Work!

The Bottom Line as to Why SonSoft's SMS Marketing Works so Well

- Customers must opt in to receive your offers so they are already saying they are interested in your product.
- Subscribers carry their cell phones everywhere.
How many people carry around coupon books or newspapers in their pocket?
- With a read rate of 95%, your messages are getting in front of your customers, not thrown in the trash or caught in their email spam folder.
- Your offers can be sent at any specific time. This is excellent for getting the attention of a lunch or dinner crowd.
- Get Instant Approval With Service Providers like Verizon, At&t, Sprint, and more...
